

*To obtain a copy of  
your degree audit:*

Degree Audits are available to students through Joe'SS on the Registrar's home page <http://joess.mst.edu/>

Joe'SS is an automated system that reports information in a real-time format. When you access your degree audit, all current information is displayed.

Joe'SS is available 24 hours a day and 7 days a week.

If you need assistance or have unresolved problems with your degree audit, contact the Registrar's Office at 103 Parker Hall or call 341-4181.

The degree audit report is an internal document used for advising.  
*It is not an official certification of your academic record.*

**Special Symbols**

*Degree audits provide indicators next to the grades in certain courses.*

- >D** Indicates that this is a duplicate course and not counted in the total hours toward your degree. Degree Audits exclude previous occurrences of the course. NOTE: Regulations will not allow completion of a requirement using a repeated course with a failing grade on the last attempt, even if the first attempt was passing.
- >R** Indicates a repeatable course. Credit given for each occurrence.
- >C** Denotes cross-listed courses (courses that are the same but listed under several different departments designation). Credit only allowed once for this course.
- >S** Excess hours in a sub-requirement are split for use in subsequent sub-requirements.
- >I** Indicates an in-progress course on your Missouri S&T schedule.
- IP** "IP" in the grade field indicates an in-progress course on your current schedule.
- PR** "PR" in the grade field indicates a transfer course in progress; you need to provide the final transcript from the previous college.
- T** A "T" next to the grade indicates a course transferred from another institution
- E** An "E" next to the grade indicates credit by exam.

The Degree Audit is an automated record reflecting a student's academic progress toward degree completion in his/her declared major. By considering Missouri S&T course work, transfer courses, and courses in progress, this analysis provides timely information on a student's progress toward meeting degree requirements.

The degree audit is a report that contains all requirements and sub-requirements for a specific degree program. A separate degree audit has been created for each degree program. Students with double majors should receive two distinct audit reports.

# MISSOURI S&T DEGREE AUDIT Degree Audit Reporting System

After the fourth week of the graduating semester, the student is registered in a course that produces their name on a grade sheet which is sent to the Institutional Research & Assessment office located at G-5B Campus Support. This office clears the student if the assessment has been completed.

The heading contains information such as the date and time, student number, name, major degree program, advisor, and the catalog year of the student for which the report is prepared.
