Missouri University of Science and Technology

Graduate Catalog

2010-2012
Statement of Affirmative Action

It is the policy of the Missouri University of Science and Technology to provide full and equal employment opportunities to all qualified persons without regard to race, color, religion, sex, sexual orientation, national origin, age, disability, and status as Vietnam Era Veteran, to prohibit discrimination in recruitment, employment or conditions of employment, including salary and benefits related thereto, to promote employment opportunity and to take affirmative action in this regard.

Affirmative Action means the elimination of existing discriminatory conditions whether purposeful or inadvertent. This nondiscrimination policy applies to all persons.

Title VI of the Civil Rights Act of 1964

“No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

Title IX of the Education Amendments of 1972

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

Section 504 of the Rehabilitation Act of 1973

“No otherwise qualified handicapped individual in the United States...shall, solely by reason of the handicap, be excluded from the participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.”

Section 303 of the Age Discrimination Act of 1975

“No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

The Americans with Disabilities Act of 1990

Section 102 Discrimination

General Rule. – No covered entity shall discriminate against a qualified individual with a disability because of the disability of such individual in regard to job application procedures, the hiring, advancement, or discharge of employees, employee compensation, job training, and other terms, conditions, and privileges of employment.

Missouri S&T conducts its programs and activities involving admission and treatment of students, employment, teaching, research, and public service in a non-discriminatory manner as prescribed by Federal law and regulation.

Inquiries concerning the above may be addressed to:

Chancellor, Missouri University of Science and Technology
Rolla, Missouri 65409-9957

Director, Office for Civil Rights
Department of Education

Educational Goals of Missouri S&T

As Missouri's technological research university, Missouri University of Science and Technology's mission is to educate tomorrow's leaders. In a world growing increasingly dependent on science and technology, tomorrow's graduates must be prepared to be leaders in more than just their chosen professions. They must also be leaders in business, in government, in education, and in all aspects of society. Missouri S&T is dedicated to providing leadership opportunities for its students. The opportunity to receive an excellent technological education is only part of the educational experience received by students at Missouri S&T. Missouri S&T offers a full range of engineering and science degrees, coupled with business and liberal arts degrees and programs that are vital to the kind of comprehensive education that turns bright young men and women into leaders.

Missouri S&T is nationally recognized for its excellent undergraduate engineering programs, and is distinguished for producing cutting-edge research and key technologies vital to the economic success of Missouri and the nation. Missouri S&T has a distinguished faculty dedicated wholeheartedly to the teaching, research, and creative activities necessary for scholarly learning experiences and advancements to the frontiers of knowledge. Missouri S&T has excellent physical facilities, which support the best possible education in the liberal arts, engineering, science, applied science, and selected interrelated fields.

Missouri S&T's programs in science, engineering, and business, its technology transfer programs, its leadership opportunities, and its learning environment are all integral parts of the total educational package available to students who attend the Missouri University of Science and Technology.

Mission Statement

Missouri University of Science and Technology integrates education and research to create and convey knowledge to solve problems for our state and the technological world.

(Approved January 2008 Board of Curators meeting.)

Vision

The vision of the Missouri University of Science and Technology is to be a top-five technological research university by 2011.

On Jan. 1, 2008, UMR became Missouri University of Science and Technology, or Missouri S&T. Our new name will not only help us gain broader national recognition, but will also give us an identity that fits our mission - to be the state's technological research university.

University of Missouri Board of Curators

John M. Carnahan III, 1-1-2011
Doug Russell, 1-1-2011
David G. Wasinger, 1-1-2011
Warren K. Erdman, 1-1-2013 (Vice-Chair)
Bo M. Fraser, 1-1-2013
Judith G. Haggard, 1-1-2013 (Chair)
David R. Bradley, 1-1-2015
Don M. Downing, 1-1-2015
Wayne Goode, 1-1-2015
Laura Cofer (Student Representative to the Board)

Missouri University of Science and Technology Administrators

John F. Carney III, Chancellor
Warren K. Wray, Provost and Executive Vice Chancellor, Academic Affairs
Connie Eggert, Vice Chancellor, University Advancement
Stephen Malott, Vice Chancellor, Administrative Services
Debra Robinson, Vice Chancellor, Student Affairs
Venkata Allada, Vice Provost, Graduate Studies
Harvest L. Collier, Vice Provost, Undergraduate Studies
K. Krishnamurthy, Vice Provost, Research
Robert Schwartz, Vice Provost, Academic Affairs
Jay W. Goff, Vice Provost & Dean, Enrollment Management
Henry A. Wiebe, Vice Provost, Global Learning

Richard Arnoldy, (retired) ARCO Construction Company, Inc., St. Louis, MO
Keith Bailey, (retired) Williams Companies, Tulsa, OK
James Bertelsmeyer, Pinnacle Investment Partners, LLC, Tulsa, OK
Raymond Betz, The Betz Companies, Houston, TX
Robert G. Brinkmann, R.G. Brinkmann Construction Co., St. Louis, MO
Roger Dorf, (retired) Navini Networks Inc, Richardson,TX
Robert Garvey, (retired) Birmingham Steel, Wayzata, MN
Gary Havener, Havener Companies, White Settlement, TX
Jean Holley, Tellabs, Naperville, IL
Thomas Holmes, (retired) Ingersoll-Rand Co, Woodcliff Lake, NJ
Barry Koenemann, United Construction Enterprise Co., St. Louis, MO
Steven J. Malcolm, Williams Companies, Tulsa, OK
John Mathes, (retired) The Mathes Companies, Columbia, IL
J. Ronald Miller, (retired) Procter & Gamble, Cincinnati, OH
Zebulun Nash, (retired) Exxon Mobil Corporation, Baytown, TX
Helene Pierce, GAF Materials Corp, Wayne, NJ
Perrin Roller, (retired) Devon Energy Corporation, Singapore
Susan Rothschild, John T. Straub, CPA, St. Louis, MO
Follow-up: On the 2007 survey conducted by the National Board of Engineers Television (NBETV), the average starting salary for those earning undergraduate degrees in computer engineering exceeded $57,000. In 2008, Missouri S&T reported that more than 600 different employers actively recruited graduates from all disciplines. The university started offering an MBA in 2007, and many of the nation's top 100 companies have actively recruited Missouri S&T students. The average starting salary for those earning undergraduate degrees exceeds $38.08 million in FY2009. Expenditures have increased about 120% since FY2001, and Missouri S&T will enhance its research activity and performance to be recognized as a top-five technological research university, distinguishing itself by interdisciplinary collaborations of national significance. Missouri S&T enrolls more than 6,800 students from 47 states and 51 countries. More than 70 percent of students study in engineering, science or computer fields, but Missouri S&T also offers liberal arts, humanities, social science, and business degrees, as well as certification in select education fields. In 2007, Missouri S&T officially started offering an MBA. Many of the nation's top companies actively recruit graduates from all disciplines. In 2008-2009, more than 600 different employers recruited Missouri S&T students. The average starting salary for those earning undergraduate degrees exceeds $57,000.

About the Campus

One of the four campuses in the University of Missouri System, Missouri University of Science and Technology was founded in 1870 as the University of Missouri School of Mines and Metallurgy and was one of the first technological institutions west of the Mississippi River. It became the University of Missouri-Rolla in 1964, Missouri University of Science and Technology in 2008, and remains one of the nation's best technological universities.

The 284-acre campus is located in Rolla, Mo., a town of 16,000 in the heart of the Ozarks. The university offers bachelor of arts and bachelor of science degrees in 30 fields of study, including engineering, science, humanities, business and social sciences. Master of science degrees are offered in 27 disciplines, the doctor of philosophy in 20 and the doctor of engineering in eight.

The Missouri S&T campus is home to 50 research and academic support centers. Externally sponsored program expenditures have increased about 120% since FY2001, from $17.23 million to $38.08 million in FY2009. In FY2009, Missouri S&T received a record $42.57 million in new grant and contract awards. Missouri S&T will enhance its research activity and performance to be recognized as a top-five technological research university, distinguishing itself by interdisciplinary collaborations of national significance.

Missouri S&T enrolls more than 6,800 students from 47 states and 51 countries. More than 70 percent of students study in engineering, science or computer fields, but Missouri S&T also offers liberal arts, humanities, social science, and business degrees, as well as certification in select education fields. In 2007, Missouri S&T officially started offering an MBA. Many of the nation's top companies actively recruit graduates from all disciplines. In 2008-2009, more than 600 different employers recruited Missouri S&T students. The average starting salary for those earning undergraduate degrees exceeds $57,000.

Michael Schulz of Physics
James O. Stoffer of Chemistry (Emeritus)
David A. Summers of Mining Engineering
Wei-Wen Yu of Civil Engineering (Emeritus)

Curators’ Teaching Professorships

Abdeldjelil Belarbi of Civil Engineering
James J. Bogan of Arts, Languages and Philosophy
James S. Drallmeier of Mechanical Engineering
Larry Gragg of History & Political Science
Frances Dee Haemmerlie Montgomery of Psychology
Leonard F. Koederitz of Geological & Petroleum Engineering (Emeritus)
Roger A. LaBoube of Civil Engineering
Yinfa Ma of Chemistry
Kent D. Peaslee Materials Science & Engineering
O. Allan Pringle of Physics
David C. Van Aken of Materials Science and Engineering

Administrators/About the Campus - 7
Campus Life

Missouri S&T offers a number of campus living options, including fraternity and sorority houses, traditional residence halls and the new Residential College. The university has more than 200 student organizations, including a dozen student design teams, a competitive NCAA Division II athletic program, student professional societies, a student radio station, and theatre and music programs. Each year, Missouri S&T students help to organize one of the largest St. Pat’s celebrations in the nation.

University of Missouri Structure and History

The four University of Missouri campuses are located in Rolla, Columbia, Kansas City and St. Louis. Governing these campuses is the Board of Curators whose members are appointed by the Governor of Missouri and confirmed by the Missouri Senate. The president of the university directs and coordinates programs of all four campuses with assistance from staff in finance, business management, academic affairs, research, extension, development, public information, and other university services. The activities of each campus are under the supervision of a chancellor, who directs campus affairs within policies established by the UM Board of Curators and the president.

The University of Missouri has a long and proud history. It was established at Columbia in 1839, only 18 years after Missouri became a state. A land-grant university, UM is recognized as the first state university west of the Mississippi River. The university remained a single campus institution until 1870 when the University of Missouri School of Mines and Metallurgy (now Missouri S&T) was established at Rolla. Campuses at St. Louis and Kansas City were added in 1963.

On July 1, 1964, the UM Board of Curators took action to rename the University of Missouri School of Mines and Metallurgy to the University of Missouri-Rolla. The campus became Missouri University of Science and Technology on Jan. 1, 2008.

Accreditation

The University has been accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, http://www.ncahigherlearningcommission.org, 30 North LaSalle Street, Suite 2400, Chicago, Illinois, 60602-2504. (312)263-0456 Further information on specialized accreditation by department is available in the Missouri S&T Fact Book or at: http://ira.mst.edu/accreditation.html.

Graduate Degree Programs

The Missouri University of Science and Technology offers master of engineering, master of science, master of arts (available as a cooperative degree program with UMSL), master of science for teachers, master of business administration, doctor of philosophy, and doctor of engineering degrees. Studies fall into the general areas of business, economics, engineering, English, science and technology.

Master of engineering degree
- geotechnics
- manufacturing engineering
- mining engineering

Master of science degree
- aerospace engineering
- biology, applied and environmental
- ceramic engineering
- chemical engineering
- chemistry
- civil engineering
- computer engineering
- computer science
- electrical engineering
- engineering management
- environmental engineering
- explosives engineering
- geological engineering
- information science & technology
- manufacturing engineering
- materials science and engineering
- mathematics (applied)
- mechanical engineering
- metallurgical engineering
- mining engineering
- nuclear engineering
- petroleum engineering
- physics
- systems engineering

Master of science for teachers degree
- chemistry
- earth sciences
- mathematics
- physics

Master of arts degree
Available as a cooperative degree program with the corresponding departments of the University of Missouri-St. Louis. (A maximum of 12 graduate semester hours may be taken at Missouri S&T)
- economics
- English

Doctor of philosophy degree
- aerospace engineering
- ceramic engineering
- chemical engineering
- chemistry
- civil engineering
- computer engineering
- computer science
- electrical engineering
- engineering management
- geological engineering
- geology and geophysics
- materials science and engineering
- mathematics
- mechanical engineering
- metallurgical engineering
- mining engineering
- nuclear engineering
- petroleum engineering
- physics
- systems engineering

Doctor of engineering degree
- chemical engineering
- civil engineering
- electrical engineering
- geological engineering
- mechanical engineering
- mining engineering
- nuclear engineering
- petroleum engineering

Graduate minors
- Explosives Engineering
- Technical Communication
Graduate Certificates

Graduate Certificates

• Actuarial Science
• Business Essentials
• CAD/CAM and Rapid Product Realization
• Composite Materials and Structures
• Computational Intelligence
• Contemporary Structural Engineering
• Control Systems
• Business Intelligence
• Electric Machine and Drives
• Electrical Power Systems Engineering
• Engineering Management
• Engineering Mechanics
• Enterprise Resource Planning
• Explosives Engineering
• Financial Engineering
• Financial Mathematics
• Geoenvironmental Engineering
• Geotechnical Earthquake Engineering
• Geotechnics
• Human Computer Interaction
• Human Systems Integration
• Information Assurance and Security
• Infrastructure Renewal
• Leadership in Engineering Organizations
• Lean Six Sigma
• Manufacturing Automation
• Manufacturing Systems
• Military Construction Management
• Military Geological Engineering
• Mining Engineering
• Multimedia and Information Systems
• Network Centric Systems
• Project Engineering & Construction Mgt

The Provost is responsible for the administration of all graduate work at Missouri S&T. In cases where your program can be demonstrably improved, the Provost can approve departures from the graduate faculty rules. Each department may have its own rules beyond the general ones listed and should be contacted if further information is desired at: http://grad.mst.edu/.
