Agenda
Campus Curricula Committee Meeting
December 5, 2012
12 pm, Room 117 Fulton Hall

Review of submitted DC forms:
DC #0432, Business and Information Technology, Minor in Sustainable Business, effective Fall 2013.

DC #0433, Electrical and Computer Engineering, Minor in Computer Engineering, effective Fall 2013.

Review of submitted CC forms:
CC #8305, Petroleum Engineering 366, Mechanical Earth Modeling, effective Fall 2013.

CC #8306, Petroleum Engineering 232, Well Logging, effective Spring 2013.

CC #8307, Explosives Engineering 411, Research Methods, effective Fall 2013.

CC #8308, Technical Communication 325, Help Authoring, effective Fall 2013.

CC #8309, Chemical Engineering 433, Advanced Transport Phenomena, effective Spring 2013.

Review of submitted EC forms:
EC #2438, Geological Engineering 301, Hydrologic Flow Reaction and Transport Modeling, effective Spring 2013.

EC #2440, Petroleum Engineering 401, Advanced Mechanical Earth Modeling, effective Spring 2013.

EC #2442, Electrical Engineering 401, Power Transmission and Distribution, effective Spring 2013.

EC #2444, Mining Engineering 301, Mining Industry Economics II, effective Spring 2013.

Tabled Items:
DC #0417, Engineering Management, Bachelor of Science, effective Fall 2013.
DC #0419, Engineering Management, Bachelor of Science, Industrial Engineering Emphasis, effective Fall 2013.

DC #0420, Engineering Management, Bachelor of Science, General Engineering Emphasis, effective Fall 2013.

DC #0429, Engineering Management, Bachelor of Science, effective Fall 2013.

DC #0430, History, Bachelor of Arts/History Teacher Education Program, effective Fall 2013.

CC #8281, History 396, History Research Seminar, effective Fall 2013.

CC #8284, Systems Engineering 378, Introduction to Neural Networks & Applications, effective Fall 2013.

Degree Change Form (DC)

This form is to be used for creating or modifying degree programs, emphasis areas, and minors.

Title of degree program, emphasis area, or minor:
Minor in Sustainable Business

Department: Business and Information Technology

Briefly describe action requested (Attach documentation as appropriate):

The minor in Sustainable Business is being changed to add BUS 340 to the list of required courses and to move BUS 315 to the list of elective courses. All other required and elective courses remain the same.

The new requirements are:
1) BUS 110 - Management and Organizational Behavior
2) BUS 330 - Foundations of Sustainable Business
3) BUS 340 - Introduction to Business Innovation for Sustainability
4) and two courses from the following:
   ERP 348 - Strategic Enterprise Management Systems
   EnvE 360 - Environmental Law and Regulations
   EnvE 365 - Sustainability, Population, Energy, Water, and Materials
   Psych 315 - Environmental Psychology
   Econ 340 - Environmental and Natural Resource Economics
   Econ 355 - Energy Economics
   Pol Sci 350 - The Politics of the Third World
   Hist 361 - American Environmental History
   BUS 315 - Introduction to Teambuilding and Leadership in a Business Setting

At least 6 hours of the minor course work must be taken in residence at Missouri S&T.

Recommended by Department: __________________________ (Chair signature) Date: 10/24/12

Recommended by: __________________________
Discipline Specific Curricula Committee (Chair signature) Date: 10/25/2012

Approved by Curricula Committee: __________________________ (Chair signature) Date: 

Approved by Faculty Senate: __________________________ (Chair signature) Date: 

10/24/12

(Revised 9/12/2011)
**Degree Change Form (DC)**

This form is to be used for creating or modifying degree programs, emphasis areas, and minors.

**Title of degree program, emphasis area, or minor:**
Minor in Computer Engineering

**Department:** Electrical & Computer Engineering

**Briefly describe action requested (Attach documentation as appropriate):**
Create a Minor in Computer Engineering with the requirements noted below. The Cp Eng Minor will be noted on the student's transcript.

The catalog description for the CpE Eng Minor is given in the attached document.

Minor was approved by the Cp Eng Curriculum Committee on August 31, 2012.

---

Recommended by Department:  
(Signature)  
Date: 20Oct2012

Recommended by Discipline Specific Curricula Committee:  
(Signature)  
Date: 31Oct12

Approved by Curricula Committee:  
(Signature)  
Date: 

Approved by Faculty Senate:  
(Signature)  
Date: 

10/25/12  
(Revised 1/31/2008)
The catalog description for the minor will be added as follows.

Computer Engineering Minor Curriculum
A minor in Computer Engineering will require the following:
Pass the El Eng Advancement Exam I (El Eng 151 Final) with a C or better*
Pass the Cp Eng Advancement Exam (Cp Eng 111) with a C or better**
Pass Cp Eng 213 with a C or better
Pass El Eng 121 or Cp Eng 215 with a C or better
Pass Cp Eng 319 or Cmp Sc 365 with a C or better
Pass 3 hours of 3xx Cp Eng or El Eng or Cmp Sc coursework with a C or better, excluding special problems and undergraduate research. Transfer courses cannot be used to satisfy this requirement. The course choice for this requirement is subject to the approval of the minor advisor.

*One opportunity will be given to pass the El Eng Advancement Exam I if a student has prior course or experience in circuits. Otherwise, the student must pass El Eng 151.
**One opportunity will be given to pass the Cp Eng Advancement Exam if a student has prior course or experience in digital circuits. Otherwise, the student must pass Cp Eng 111.
Course Change Form (CC)
This form is for creating or modifying permanent courses.

Experimental Course Form (EC)

An EC form must be submitted before an experimental course is to be offered. EC forms approved SP2009 or later allow the course to be offered twice at any time during the following three year period. After an experimental course has been offered twice, a CC form may be submitted to request a permanent course number.

A new course that is required as part of a degree program, minor, or graduate certificate may be submitted on a CC form to receive a permanent course number.

Co-listed offerings should be submitted on one form, originating from the primary discipline.

Department: Geological Sciences and Eng  
Discipline and Course Number: GE301

Course Title: Hydrologic Flow, Reaction and Transport Modeling

Abbreviated Title (24 spaces or less): Hydrologic modeling

Instructor(s): Shadab Anwar

Credit Hours: Lecture: 3  Lab: 0  Total: 3

Prerequisites: Phys, Calculus, Civ Eng 215, GeolEng 275, 335

Semester(s) previously taught: 0

Brief Course Description: (40 words or less)
This course is an introduction to advanced modeling techniques for simulating flow, transport, and reaction processes in porous media under different hydrologic conditions. Emphasis is placed on both theoretical and practical modeling considerations. Computer demonstrations are incorporated. Practical applications are emphasized.

List all co-listed courses: Include initials of Dept. Chair, if signature is not already included below.
1) 2) 3)
4) 5) 6)

A new course that is required as part of a degree program, minor, or graduate certificate may be submitted on a CC form to receive a permanent course number.

Co-listed offerings should be submitted on one form, originating from the primary discipline.

Department: Geological Sci. & Eng.

Discipline and Course Number: Pet Eng 401

Course Title: Advanced Mechanical Earth Modeling

Abbreviated Title (24 spaces or less): Adv MEM

Instructor(s): Dr. Andreas Eckert

Credit Hours: Lecture: 3 Lab: 0 Total: 3

Prerequisites: Pet Eng 366 and Pet Eng 338 with grade C or better

Semester(s) previously taught:

Brief Course Description: (40 words or less)
This course focuses on the work processes necessary to simulate realistic in-situ stresses for subsurface engineering applications using advanced Finite Element modeling techniques. Concepts such as stress initialization, spherical model geometry and coupled geomechanical-fluid flow simulatoins are discussed and examplatory models studied.

List all co-listed courses: Include initials of Dept. Chair, if signature is not already included below.

Russell, Judy

From: Gillies, Stewart
Sent: Thursday, October 18, 2012 3:38 PM
To: Russell, Judy
Cc: Robertson, Barbara A.
Subject: FW: New course in Mining Economics

Judy,

As discussed this morning (and as discussed by Mining Faculty at our Spring Semester 2012 Retreat at Viburnum) it would be appreciated if you would smooth the birth of this new course to allow the university system to work.

The new Mining course MinE 301 (Provisional, to become MinE 320 Mining Industry Economics II), 3 credits, offered by the Mining Department will be available in Spring semester 2013.

**Proposed Course Syllabus.**

MinE 320 Mining Economics (3 credits, Lec 3) Spring semester; The mining industry and national economics. Social and economic significance of mined commodities. Marketing of mined commodities. Cartels and other hindrances to free trade. Mine financing, project loans, leasing and innovative approaches to mine financing. Mining feasibility studies, government influence and policy, mining industry foreign investment, investment strategies, mining taxation and cost prediction. Case studies.

Textbook

**Related Information**

Mining Engineering now requires students to undertake EITHER Econ 121 Micro Economics (3 credits) OR Econ 122 Macro Economics (3 credits) plus the course MinE 270 Mining Industry Economics (3 credits) as minimum Mining Economics instruction to the BS degree.

In recent years a significant number of Mining students have shown an interest in undertaking more credits of Mining Economics instruction This may allow some to complete a Minor in Mining Economics from courses available between the Mining and Economics Departments. Dr Gelles, Chairman of Economics, supports both Departments working together in expanding offerings which provide a balance between Economics and Mining. The provision of the new course Mining Industry Economics II will make it easier for a student to achieve a Mining Economics Minor while undertaking a Mining Engineering BS degree. A Mining Economics Minor could be achieved by a student completing the following courses or possibly some other related courses.

- Econ 121 Micro Economics Econ 121 (basic 3 credits course offered by Economics Department),
- Econ 122 Macro Economics (basic 3 credits course offered by Economics Department),
- MinE 270 Mining Industry Economics (Mining Industry Economics, 3 credits course offered by Mining Department and fulfills an ABET requirement),
- MinE 301 (Provisional to become MinE 320 Mining Industry Economics II (3 credits offered by Mining Department) – A NEW COURSE
- Intermediate Micro Economics, Econ 221 (3 credits offered by Economics Department) OR
- Econ 340 Natural Resource Economics (3 credits offered by Economics Department)

Thanks for your assistance. Is there anything else that needs to be done? Class meeting time would be preferred on Tuesday/Thursday.

Dr Stewart Gillies
Experimental Course Form (EC)

An EC form must be submitted before an experimental course is to be offered. EC forms approved SP2009 or later allow the course to be offered twice at any time during the following three year period. After an experimental course has been offered twice, a CC form may be submitted to request a permanent course number.

A new course that is required as part of a degree program, minor, or graduate certificate may be submitted on a CC form to receive a permanent course number.

Degree Change Form (DC)

This form is to be used for creating or modifying degree programs, emphasis areas, and minors.

Title of degree program, emphasis area, or minor:
Industrial Engineering Emphasis Area

Department: EMSE

Briefly describe action requested (Attach documentation as appropriate):
The Industrial Engineering Emphasis area credit hour requirements will change from 21 credit hours to 18 credit hours. This change is being made in order to add a new 3 credit hour course (EMSE 213) to the current 26 credit hours of EMSE required core courses. The 12 credit hours of required courses (EMSE 257, 311, 356 and 382) will not change. The EMSE technical electives will be reduced to 6 credit hours from the current required 9 credit hours. This change enables EMSE to maintain 3 credit hours of Free Electives as a part of the 128 required credit hours.

Degree Change Form (DC)

This form is to be used for creating or modifying degree programs, emphasis areas, and minors.

Title of degree program, emphasis area, or minor:
Change of "Free Elective Footnote" paragraph, page 139 of current catalog

Change of Footnote 3 in current catalog – Free Electives

Department: EMSE

Briefly describe action requested (Attach documentation as appropriate):

The second sentence of the Free Elective Footnote paragraph currently states: "Each student is required to take six hours of free electives in consultation with his/her academic advisor."

The second sentence should be changed to: "Each student is required to take three hours of free electives in consultation with his/her academic advisor." The remaining sentences in the paragraph should remain the same.

The first sentence of Footnote 3 currently states the following: "Each student is required to take six hours of free electives in consultation with his/her academic advisor."

The first sentence should be changed to the following: "Each student is required to take three hours of free electives in consultation with his/her academic advisor."

The remaining sentences/statements of the Footnote 3 will remain the same.

Degree Change Form (DC)

This form is to be used for creating or modifying degree programs, emphasis areas, and minors.

Title of degree program, emphasis area, or minor
History major: History Teacher Education Program

Department: History & Political Science

Briefly describe action requested (Attach documentation as appropriate):
We are adding a new course (tentatively Hist 396, Research Seminar in History, see accompanying cform), that history majors would be able to take in place of the Hist 397 Senior Thesis requirement, or as an upper-division history elective in preparation for the senior thesis. Students in the research seminar will be required to produce a research paper the same length and quality as that currently required by the senior thesis, but the research seminar would offer a more structured, classroom environment (as opposed to the independent study format of Hist 397) that we believe would be beneficial to many history majors.

Recommended by Department: ________________________________

- Co-listing ☐

**Course Information** (1-9 Must Be Completed. Leave "Proposed" items blank if no change is being made.)

1. Department: History and Political Science
2. Discipline and Course Number: Present: Proposed: History 396
3. Course Title: Present:
   - Proposed: History Research Seminar
   - Abbreviated Course Title: Hist. Research Sem.
   - (24 Spaces or Less. Only needed for New Courses or Title Changes.)
4. Catalog Description (300 Character Spaces or Less.)
   - Present:
   - Proposed: The course focuses on advanced research methods, and each student will produce a substantial research paper in preparation for or to replace the senior thesis. The historical topic of the seminar for each semester will be chosen by the faculty member responsible for teaching it.

5. If course requires field trip check box: ☐

6. Credit Hours:
   - Present: Lecture: Lab: Total: Proposed:
   - Lecture: 3 Lab: 0 Total: 3

7. Prerequisites:
   - Present: Proposed: Hist 299; junior or senior status

8. Required for Majors: ☑ Elective for Majors: ☐

9. Justification: The initial experiences with the Hist 397 senior thesis were not entirely satisfactory. Many history majors need a more structured, classroom environment to produce the requisite level of historical scholarship our department deems necessary for our majors. The seminar will be an alternative to Hist 397, or students may take both.

10. Semesters previously offered as an experimental course (104, 202, 301, 402) new w/ major change
