An undergraduate may earn credit toward the bachelor's degree for courses normally taken by graduate students (6000-level courses) if the student is enrolled in an honors program or has a cumulative grade point average of 3.5 or better and has the necessary prerequisites for the course to be taken. Students should first enroll via Joe'SS for all other courses and then submit this form to the Registrar's Office, 103 Parker Hall, to be enrolled in the graduate level course.
