

Additional Authorized Access / Third-Party FERPA Release Overview

Additional Authorized Access

Missouri S&T students can grant others direct and authorized online access to their student information, including, but not limited to, academic, financial aid, and student financial information. By authorizing Additional Authorized Access to a member, a student acknowledges that the University is not responsible for any unauthorized disclosure of their information by that member.

Third-Party FERPA Release

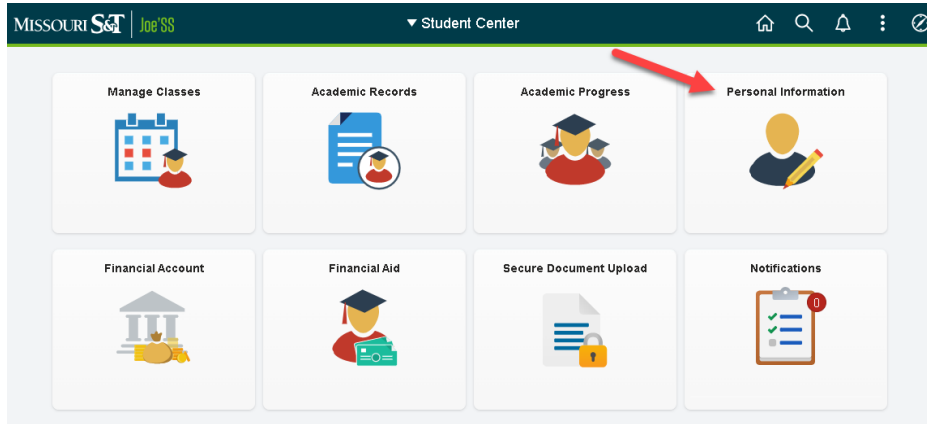

The Family Educational Rights and Privacy Act (Buckley Amendment) prohibits access to, or release of, educational records or personally identifiable information contained in such records (other than directory information) without the written consent of the student or as specified by other exceptions such as subpoenas and court orders. Please see this web site for full explanation and regulatory exceptions:

Students may not select subsections of academic records to be released. In other words, a student may not give a parent access to billing information, but not to grades. Generally, this release will cover all non-directory information; however, some information such as disciplinary actions may require additional permission from the student in a written format. Release of information is not required by law. Also, this release allows verbal access only. Student's signature will be necessary for any written or printed documentation such as grades. All permissions granted will stay in effect until removed by the student.
