norbert

### Catalog

#### Description

Focus on fundamental analysis and survey of groundwater hydrology with emphasis on practical geo-environmental and subsurface hydrology issues of interest to working professionals. Topics will include general hydrology, surface and subsurface interconnection, basic groundwater flow and well test analysis, and a brief intro to contaminant transport.

#### Prerequisites

**Graduate standing.**

This is an introductory survey of world history, by which is meant an overview of major processes and interactions in the development of human society since the appearance of hominids ca. 3 million years ago. It emphasizes global patterns and connections in political, social, cultural, and economic history, and adopts a global geographical perspective.

This course explores the role of slavery in the history of the Americas, Europe, and Africa. Focusing on the development of "New World Slavery," students will be able to critique the extent to which Atlantic slavery influenced the history of race, capitalism, and liberty in the early modern period.

### History

1. Jul 1, 2020 by  
Sharon Lauck  
(laucks)

The graduate certificate in Natural and Geologic Hazards is designed to provide graduate students with formalized education in the area of geologic hazards assessment and engineering.

The Geologic Hazards Certificate Program is open to all persons holding a B.S., M.S., or Ph.D. degree in Geology, Geophysics, Geological Engineering, Geotechnics, or Civil Engineering or who are currently accepted into a graduate degree program in one of these fields at Missouri S&T. Once admitted to the program, the student must take the four designated courses (provided in the curriculum section). In order to receive a Graduate Certificate, the student must have an average cumulative grade point of 3.0 or better in the certificate courses. Once admitted to the program, a student will be given three years to complete the program.

Students admitted to the Geologic Hazards Certificate Program will have non-degree graduate status, however, they will earn graduate credit for the courses they complete. If the student completes the four-course sequence with a grade of B or better in each of the courses taken, they, upon application, will be admitted to their choice of non-thesis M.S. degree programs in either Geological Engineering or Geotechnics. The certificate credits taken by the students admitted to the M.S. degree program will count towards their master's degree. Students who do not have all of the prerequisite courses necessary to begin the courses in the Geologic Hazards Certificate Program will be allowed to take "bridge" courses at either the graduate or undergraduate level to prepare for the formal certificate courses.

Required Course:		
<a href="#">GEO ENG 5441</a>	Engineering Geology And Geotechnics	3
One of the following courses are required:		
<a href="#">GEO ENG 6441</a>	Geotechnical Construction Practice	3
<a href="#">GEO ENG 6625</a>	Applications in Geological Engineering	3
Two of the following courses are required:		
<a href="#">GEO ENG 5144</a>	Remote Sensing Technology	3
<a href="#">GEO ENG 5146</a>	Applications Of Geographic Information Systems	3
<a href="#">CIV ENG 5337</a>	River Mechanics And Sediment Transport	3
<a href="#">GEO ENG 5471</a>	Rock Engineering	3

Note: History majors are also required to complete [HISTORY 1100](#) and [HISTORY 1200](#) as part of the general education requirements for the B.A. In addition, 9 hours of the 30 major hours must be taken at the 3000 or 4000 level.

Note: History majors interested in graduate or professional school should take [HISTORY 4097](#) as independent research under the guidance of a faculty member in a short period (one semester).

Note: History majors must complete an experiential learning requirement. They can meet this requirement by taking [HISTORY 4085](#) or [HISTORY 4097](#) or study abroad, among other options, in consultation with their advisor.

Note: Entering students will normally take [ENGLISH 1120](#) either semester of the first year.

## Secondary Education Emphasis Area

You may earn a B.A. degree in history from Missouri S&T and certification to teach in the schools of Missouri. This program may be completed in four academic years and student teaching is arranged with public schools anywhere in the state.

Students interested in the certification program should consult with the advisor for history/education majors in the department of history and political science for requirements particular to those interested in this degree. Students should process a change of major form to designate history with an emphasis area of secondary education.

History students must complete 127 credit hours, including requirements for teacher education listed in this catalog. A minimum grade of "C" is required by the department in all history and political science courses counted towards this degree. Students must take the following courses:

Communication Skills: 9 hours		
<a href="#">ENGLISH 1120</a>	Exposition And Argumentation	3
<a href="#">ENGLISH 1160</a>	Writing And Research	3
<a href="#">SP&amp;M S 1185</a>	Principles Of Speech	3
Humanities: 12 hours with at least one course from the first three areas		
Art or Music or Theater Appreciation		
Philosophy		
Literature		
Foreign Language		
<a href="#">ETYM 4306</a>	Introduction To Etymology	3
Social Sciences: 18 hours		
<a href="#">POL SCI 1200</a>	American Government	3

#### Justification for request

The history/political science department now requires that students take at least three credit hours from a list of non-western, marginalized or minority group focused courses to ensure, in the interest of diversity and inclusion, that our graduates gain a greater appreciation for the historical contributions and struggles of those outside of the privileged Western elites.

## Bachelor of Science History

Students must take a minimum of 120 hours for a Bachelor of Science degree in history, and obtain a grade point average of 2.0. These requirements for the B.S. are in addition to credit received for basic ROTC.

The B.S. in history requires the following:

1. ~~ENGLISH 1120 (entering students will normally take ENGLISH 1120 within their first year of study) and one other writing intensive course outside their major, which may include ENGLISH 1160, ENGLISH 1170, or ENGLISH 3560.~~ **English composition** (6 hours)

<b><u>ENGLISH 1120</u></b>	<b>Exposition And Argumentation <sup>1</sup></b>	<b>3</b>
<b>One other writing intensive course outside their major, such as</b>		<b>3</b>
<b><u>ENGLISH 1160</u></b>	<b>Writing And Research</b>	
<b><u>ENGLISH 1170</u></b>	<b>Creative Writing</b>	
<b><u>ENGLISH 3560</u></b>	<b>Technical Writing</b>	

2. Math and **Sciences (18 hours)**. ~~Sciences:~~

The general requirements for a B.S. call for at least 18 hours in biological, physical (chemistry, geology, physics), and mathematical (mathematics, statistics, computer science, and information science and technology) **sciences**.

~~sciences:~~

<b>1 Biological Science course</b>	
<b>1 Physical Science course <sup>2</sup></b>	
<b>1 Laboratory course</b>	
<b>1 Math course <sup>3</sup></b>	
<b>In addition to these requirements, students may also count toward 18 hours</b>	
<b><u>STAT 1115</u></b>	<b>Statistics For The Social Sciences I</b>
<b>Up to 3 hours from</b>	
<b><u>HISTORY 2510</u></b>	<b>History of Technology</b>
<b><u>HISTORY 3510</u></b>	<b>Twentieth Century Technology And Society</b>
<b><u>HISTORY 3530</u></b>	<b>History of Science</b>

<b><u>HISTORY 3534</u></b>	<b>History of Medieval and Early Modern Science</b>
<b>3 hours of Psych courses not listed elsewhere, such as</b>	
<b><u>PSYCH 2200</u></b>	<b>Research Methods</b>

~~The B.S. in history requires at least one course from each of the biological and physical sciences, one lab, and at least one math course at the level of college algebra or higher. In addition to these requirements, students may count STAT 1115, up to 3 hours from psychology classes ( PSYCH 2200 preferred), and up to 3 hours from history of science and technology classes ( HISTORY 2510, HISTORY 3510, or HISTORY 3530), but may not use them to satisfy another requirement. (18 hours) 3. Humanities. Students must take 12 hours in humanities other than history with at least one course from literature, philosophy, and fine arts (Art, Music, or Theater Appreciation). Students may take courses in language and humanities other than history to meet the 12 hours requirement. Humanities (12 hours). hours)~~

<b>Students must take 12 hours in humanities other than history with at least</b>
<b>1 Literature course</b>
<b>1 Philosophy course</b>
<b>1 Fine Arts course <sup>4</sup></b>
<b>Students may take language course or humanities course other than history to meet 12 hours requirement.</b>

**4. Social Sciences (12 hours).**

<b><u>POL SCI 1200</u></b>	<b>American Government</b>	<b>3</b>
<b>At least one course in two from three areas:</b>		
<b>Economics</b>		
<b>Political Science</b>		
<b>Psychology</b>		
<b>Students may transfer up to 3 hours of Sociology to meet 12 hours requirement <sup>5</sup></b>		

~~Social Sciences. Students must take 12 hours in social sciences. Students must take POL SCI 1200 and at least one course in two from the three areas: economics, political science, and psychology. At the discretion of the major adviser, students may transfer up to 3 hours of Sociology to meet the 12 hours requirement. (12 hours) 5. History. Students must take 36 hours in required history courses, including HISTORY 1100, HISTORY 1200, HISTORY 1300, HISTORY 1310, HISTORY 2791, and HISTORY 4790 (18 hours) and at least 18 hours in history electives, including at least 6 hours in American history and at least 6 hours in European history. Nine of these 18 hours of history electives must be at or above the 3000 level. The student must earn a grade of C or better in these required courses. History (36 hours)~~

<b>Students must take 36 hours in required history courses, including <sup>7</sup></b>		
<b><u>HISTORY 1100</u></b>	<b>Early Western Civilization</b>	<b>3</b>
<b><u>HISTORY 1200</u></b>	<b>Modern Western Civilization</b>	<b>3</b>
<b><u>HISTORY 1300</u></b>	<b>American History To 1877</b>	<b>3</b>
<b><u>HISTORY 1310</u></b>	<b>American History Since 1877</b>	<b>3</b>
<b><u>HISTORY 2791</u></b>	<b>Historical Research Methods</b>	<b>3</b>
<b><u>HISTORY 4790</u></b>	<b>Historiography</b>	<b>3</b>
<b>At least 18 hours of Electives, consisting of</b>		
<b>2 American History Electives</b>		<b>6</b>
<b>2 European History Electives</b>		<b>6</b>
<b>1 Elective must come from a non-western, marginalized or minority focused course, such as</b>		<b>3</b>
<b><u>HISTORY 2430</u></b>	<b>History of the American Pacific</b>	

<b>HISTORY 3241</b>	<b>Course HISTORY 3241 Not Found</b>
<b>HISTORY 3600</b>	<b>Course HISTORY 3600 Not Found</b>
<b>HISTORY 3625</b>	<b>Course HISTORY 3625 Not Found</b>
<b>HISTORY 3660</b>	<b>Modern East Asia</b>
<b>HISTORY 3665</b>	<b>History of Japan</b>
<b>HISTORY 4245</b>	<b>Nazi Germany and the Holocaust</b>
<b>HISTORY 4246</b>	<b>War and Society in Twentieth-Century Europe</b>

6. Electives Credit. Each student will elect sufficient additional courses to complete a minimum of 120 credit hours, which may include up to 12 hours in engineering courses at the discretion of the major adviser. At least 9 hours of these electives must be at the 3000 or above level, although substitutions may be permitted at the discretion of the major adviser. All electives must accumulate to at least a 2.0 grade point average.

1	<b>Entering students will normally take English 1120 within their first year of study.</b>
2	<b>Chemistry, Physics, Geology</b>
3	<b>College Algebra or higher</b>
4	<b>Art, Music, or Theater Appreciation</b>
5	<b>With major advisor approval</b>
6	<b>9 of these 18 hours of history electives must be at or above the 3000 level.</b>
7	<b>The student must earn a grade of C or better in these required courses.</b>

#### Justification for request

The history/political science department now requires that students take at least three credit hours from a list of non-western, marginalized or minority group focused courses to ensure, in the interest of diversity and inclusion, that our graduates gain a greater appreciation for the historical contributions and struggles of those outside of the privileged Western elites.

## Bachelor of Science Nuclear Engineering

Entering freshmen desiring to study nuclear engineering will be admitted to the Foundational Engineering and Computing Program. They will, however, be permitted, to state a nuclear engineering preference, which will be used as a consideration for available departmental scholarships.

For the bachelor of science degree in nuclear engineering a minimum of 128 credit hours is required. These requirements are in addition to credit received for algebra, trigonometry, and basic ROTC courses. A student must maintain an average of at least two grade points overall and for all courses taken in nuclear engineering.

Each student's program of study must contain a minimum of 21 credit hours of course work from the humanities and the social sciences areas and should be chosen according to the following rules:

1. All students are required to take one American history course and one economics course. The history course is to be selected from [HISTORY 1200](#), [HISTORY 1300](#), [HISTORY 1310](#), or [POL SCI 1200](#). The economics course may be either [ECON 1100](#) or [ECON 1200](#).
2. Students must take [ENGLISH 1120](#). Students must also take one communications elective, selected from [ENGLISH 1160](#), [ENGLISH 3560](#), or [SP&M S 1185](#).
3. The remaining nine hours must be taken in humanities or social sciences at the 1000 level or above. Foreign language courses numbered 1180 can be considered to be one of these courses. (Students may receive humanities credit for foreign language courses in their native tongue only if the course is at the 4000 level.)
4. Skill courses are not allowed to meet humanities and social sciences requirements except in foreign languages. Students who select the foreign language option are urged to take more than one course.
5. Special topics, special problems courses and honors seminars are allowed only by petition to and approval by the student's department chair.

The nuclear engineering program at Missouri S&T is characterized by its focus on the scientific basics of engineering and its innovative application. The necessary interrelations among the various topics, the engineering disciplines, and the other professions as they naturally come together in the solution of real world problems are emphasized as research, analysis, synthesis, and design are presented and discussed through classroom and laboratory instruction.

Total Credits: 128			

**Note:** Minimum credit hours for graduation is 128.

<sup>1</sup>	Nuclear Engineering students are expected to take Nuclear Technology Applications ( <a href="#">NUC ENG 1105</a> ) during their Freshman year. However, transfer students are exempt. Students who attend the Nuclear Engineering Summer Camp as high school students may have this requirement waived.
<sup>2</sup>	Humanities and Social Science to be taken in accordance with the policy described above.
<sup>3</sup>	Any Nuclear Engineering course 4000 level or higher.
<sup>4</sup>	Any Math, Science, or Engineering courses at the appropriate level.

**Fundamentals of Engineering Exam:** All nuclear engineering students must take the Fundamentals of Engineering Examination prior to graduation. A passing grade on this examination is not required to earn a B.S. degree, however, it is the first step toward becoming a

registered professional engineer. This requirement is part of the Missouri S&T assessment process as described in assessment requirements found elsewhere in this catalog.
